SQL Developer

Software Engineer with 8+ years of expertise in RDBMS, with strong proficiency in SQL Development and Performance Tuning & Optimization (PTO).

SKILLS / TOOLS

SQL | T-SQL | SSRS / SSIS | MYSQL | SSMS | Big Query (GCP) | Snowflake | Performance Tuning & Optimization

WORK EXPERIENCE - (8+ YEARS)

IQVIA	Apr 2026 - Present
Sapiens	May 2025 – Mar 2026
Coforge	July 2022 - May 2025
eClinicalWorks	February 2018 - July 2022

DOMAIN

- Property and Casualty Insurance (P&C)
- Health Care & Clinical Research
- Telecom

PROFESSIONAL SUMMARY

- Experienced in advanced SQL with expertise in HMIS and Insurance Risk Management System.
- Developed SQL queries and stored procedures to extract data and generate meaningful reports.
- Designed and implemented custom SQL algorithms for pagination, improving performance by 70-80% over traditional methods.
- Optimized complex queries using Joins, CTEs, temp tables, and subqueries for improved efficiency in production environments.
- Familiar with SSIS packages for data loading.
- Customized and enhanced SQL Reporting Services (SSRS) reports for enhanced reporting functionality.
- Migrated applications from T-SQL to Google Cloud Platform (GCP).
- Implemented data compression techniques, includes row and page level compression.
- Created and updated Clustered and Non-Clustered Indexes to enhance query execution efficiency.
- Identified and resolved security vulnerabilities, including SQL injection risks.
- Tuned SQL queries, procedures, and functions for optimal performance.
- Provided technical recommendations for development teams, offering expertise in troubleshooting and performance enhancements.
- Optimized slow-running queries through query performance tuning and execution plan analysis.
- Conducted SQL code reviews to maintain high-quality standards.
- Configured SSMS profiler to capture and analyze real-time data on expensive queries.
- Assisted production support teams in troubleshooting, query optimization, and performance tuning.

CERTIFICATIONS

- **Introduction to Database (Meta)**
Credential ID - [PV3DCD972CB3](#) Issued on Oct 2022
- **Databases & SQL (IBM)**
Credential ID - [d844391d-141d-4838-addc-723cae3b1953](#) Issued on Sep 2022
- **SQL (Advanced) Certificate (HackerRank)**
Credential ID - [8FA5E3DEAD3F](#) Issued on Jun 2022
- **MS SQL Server and SQL (TestDome)**
Credential ID - [2b43e85056114323a06b4b0593b839bf](#) Issued on Apr 2022
- **Oracle Certified Associate**
Credential ID - [244119127PLSQL9IOCA](#) Issued on Jul 2016

EXTRA PROJECTS

Created some apps with over 10K+ downloads (linkedin.com/in/akash-halder5/details/projects/)

- **Auto Shuffle Ringtone (Android) (April 2026)**
Automatically change ringtone after every SIM call received based on available mp3 files present in the directory
- **Auto mouse click with loop (Windows) (April 2024)**
Automate mouse click and run in loop with nth number of iterations. (Eg- Reel auto like/dislike mechanism)
- **WhatsApp user status monitoring (JS) (July 2021)**
Written JS code with the chrome dev tool to get timestamp detailing of WhatsApp user's status(online/offline)
- **Auto ringtone volume increase app (Android) (May 2021)**
It automatically increase your device's ringtone volume to the max level just before receiving a sim call.
- **Missed call notification app (Android) (June 2019)**
Phone's screen will act like notification LED by using this app. It will illuminate whole screen.
- **Multiple APK file installer (Windows) (Dec 2016)**
A windows application by which you can install multiple APK apps into your android device.
- **Front Flash Notification & Torch (Android) (Oct 2016)**
Both way flash light app
Flash notification app for SMS, calls & WhatsApp notification. Also works for unread SMS and missed call.

PERSONAL INFORMATION

- **Date of Birth:** 23rd March 1995
- **Gender:** Male
- **Language Known:** English, Hindi, Bengali, Gujarati
- **Address:** A-1001 Satyaa Height, Tragad, Near H3 School, Chandkheda, Ahmedabad, Gujarat - 382470
